About The Animal Law Section

The Section takes an active role in informing Florida Bar members and the public of developments in case law, proposed legislative changes, and other relevant issues in animal law. In addition, we continue to hold Continuing Legal Education courses on various animal law subjects each year. We also conduct research and distribute informational materials regarding animal law.

Section Objectives

- Promote and assist members of the profession and others in the study and understanding of laws, regulations, and court decisions dealing with issues involving animals; and
- Provide a forum for members of the profession to consider and discuss issues in animal law.

Outline of Sponsorship Opportunities

Thank you for considering a sponsorship with the Animal Law Section (ALS) of The Florida Bar.

With important sponsorships, the ALS is able to maintain its purpose and accomplish its goals. Every contribution will assist us in funding upcoming section events, expanding our outreach and idea exchange, and continuing to grow a robust membership serving the Florida legal community. Most importantly, each sponsorship supports the Puppy Pit held at The Florida Bar's Annual Convention.

This year, the ALS is offering enhanced sponsorship opportunities that go beyond the Puppy Pit!

- 1 Diamond Dog
- 2 Courageous Canine
- 3 Pooch Partner
- 4 Furry Friend
- 5 Puppy Pal
